What is the Laudato Si’ Action Platform?

The Laudato Si’ Action Platform (LSAP) is an action-oriented 7-year ecological conversion journey in the spirit of integral ecology intended to support and empower families, communities and institutions to achieve total sustainability.
Laudato Si’ Goals

Actions will be guided by seven Laudato Si’ Goals, that give us something concrete to aim for as we build a new future together, encompassing the breadth of integral ecology.

The LSGs focus on redefining and rebuilding our relationship with each other and our common home, taking a holistic approach and calling for a spiritual and cultural revolution to realize integral ecology.
